

Linked Data for Smart Grids - part 1

CERISE-SG

Combining Energy and Spatial Information Standards as Enabler
for Smart Grids

TKI Smart Grid Project: TKISG01010

Smart Grids

Smart = Linked

Linked data requires harmonization

Utilities

Government

Geoinformatics

Interoperable data in a web architecture

Utilities

How do I express or
use utilities data?

Government

How do I express or use
government data?

**SOMETHING
SMART**

How do I express or
use location data?

Geoinformatics

Linked
